The Chairman sought permission to suspend standing orders to allow members of the public to take part in the discussion relating to Item 11(ii).

11 (ii) – Blocked access to the substation on Oak Avenue.

The meeting heard the views (verbally and through an email) of both parties concerned in this dispute and noted the views and information provided. The meeting informed both parties concerned that this was not an appropriate matter to be dealt with by the parish council as the dispute concerned land owned by the YEB and therefore the parish council had no control on this

matter.

Standing Orders were reintroduced to the meeting.

2. **DECLARATION OF INTEREST**

4. **MATTERS ARISING FROM THE MINUTES OF THE PARISH COUNCIL MEETING HELD ON 5th JANUARY 2011.**

- i) Fence between The Grove and Playing Field – N.L.C have inspected the fence line with a contractor – now awaiting written quotation.
- ii) Emergency planning – snow clearing – It was noted that N.L.C are holding an internal inquiry into how the council coped during the latest period of severe bad weather. It is anticipated that when the inquiry and subsequent work/evaluation has taken place members of N.L.C highways team may visit each parish council to advise the parish councils on policy in any forthcoming severe weather conditions – including policy on ‘employing’ local farmers/businesses with suitable equipment to clear snow in vulnerable/essential areas of the village and instruction on who – N.L.C or the parish council is responsible for paying those employed to provide this service.

Cllr Foster advised the meeting that the most recent NATS meeting discussed these issues and concluded that public liability insurance is an issue, however N.L.C are compiling a register of approved contractors to undertake such work.

It was agreed that Emergency planning should be an agenda item at the June meeting of Scawby Parish Council.

5. SCAWBY BROOK RESIDENTS ASSOCIATION

With permission of the meeting Standing Orders were suspended to all members of the public to participate in the discussion.

- i) To consider the correspondence and quotation circulated and to consider providing finance for the detailed appraisal and sequential test at a charge of £750 + vat. Cllr Johnson expressed concern that providing funding in this instance may set a precedent for other groups/organisations/residents to request funding for reports, appraisals etc.

Cllr Mathews expressed concern that no fund raising had been undertaken by The Residents Association, Cllr Hodson objected to this comment and a member of the residents association advised the meeting that they had undertaken approximately

2000

hours work on this project voluntarily, held residents meetings and had funded printing

costs to date.

Cllr Hodson advised the meeting that he fully supported the residents association and felt that they had and are still working hard to protect the residents of Scawby Brook.

Standing Orders were reintroduced to the meeting.

Cllr Hobson proposed providing funding for the appraisal and sequential testing to a maximum invoice of £750 +vat. This proposal was seconded by Cllr Barker.
