Dear colleagues

Police and Crime Plan consultation

This week I formally started the process of developing the new statutory Police and Crime Plan for the Humber, which will cover the period 2021-2024.

This is an important document that will not only set out the police and crime objectives for the Humber and the policing that the Chief Constable of Humberside Police is to provide, but also how statutory and non-statutory organisations across the area will work together to deliver safer communities and support the victims and witnesses of crime and antisocial behaviour.

I want to ensure that the plan is developed and delivered in the spirit of collaboration, with input from organisations and residents from across the area. I therefore wanted to make you aware of this work to ensure you have the opportunity to comment on issues in your local areas and to ask for your help in raising awareness with your residents.

I have launched a public survey, which will run until Sunday 11 July, to gather people's views and experiences from across the area. The more people who complete it the better the information will be, so if you could help me to raise awareness of it (such as through social media or any residents' newsletters you may have coming up) that would be greatly appreciated. I will of course publish the results. The link to the survey is: <https://www.humberside-pcc.gov.uk/News/News-Archive/2021/Police-and-Crime-Plan-2021-24-Have-Your-Say.aspx>

If there are any local issues or priorities you would like to raise with me as part of the process, please do email me at PCC@humberside.pnn.police.uk.

Thank you in advance for any support you can give and I look forward to hearing from you.

Yours sincerely

Jonathan Evison
Police and Crime Commissioner for Humberside
